**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a disabled senior, and a voter. Broadband is my primary link to the world. Price, availability and performance are paramount for me.

Over the years, the current competitive system has reduced cost and increased speed and service.

It's not broken so it doesn't need fixing. How are any changes you are contemplating going to improve anything?

I am looking forward to affordable fiber. Please don't screw it up.

Thank you.
